Chocolate Simple Soynut Butter

Filed under: [Reviews](#); Date: Tuesday, Dec 11, 2007

A chocolaty treat that is actually good for you? Say it isn't so. Or is it? Yes, my friend there is an actual chocolate delight that you can feel virtually guilt free consuming. Simple Foods has come up with tasty soynut butters in a variety of flavors including chocolate to satisfy your guiltiest pleasure. Spread it on bread, mix it with peanut butter, or enjoy on graham crackers. The possibility of endless treats are unstoppable with delightful soynut butters.

I know I am supposed to say that I am in love with the product that is why it stays out on my counter all the time but the truth of the matter is that I love this product because of the design logo. It is just so adorable and almost retro looking. Order yourself a jar of this fantastic delight to shake up those boring sandwich lunches we are all the time feeding our kids.
